Dear Dr

**The Role and Impact of GP Intervention in  
Child Welfare/ Child Protection**

A recommendation from the above audit was to circulate information on the role of Social Work (SW) in Child Protection and advice on making a referral. Please find attached a short summary on the role of SW and a copy of the current Shared Referral Form used by all agencies to make a referral to SW about any child protection or welfare concerns they may have.

Information on making a referral and all child protection policies within NHSGGC can be found on the CPU website-

[http://www.nhsggc.org.uk/content/default.asp?page=home\\_Child%20Protection%20Unit](http://www.nhsggc.org.uk/content/default.asp?page=home_Child%20Protection%20Unit)

For any advice on making a referral or any child protection concern contact CPU on 0141 201 9225.

Yours truly

Dr Kerry Milligan
